

Side Post Design

Elegant and technically refined residential side-post parasol with a sporty, nautical flair. 360° rotation feature and two tilt levels make the Sola a wonderful choice for upmarket patios and pools.

"The most stylish and long-lasting residential side-post parasol on the market today."

The Advantages

- Marine-grade materials guarantee longevity (anodized aluminum means no rust, no paint to flake)
- Large sizes and elimination of centrepost provides maximum space and shade
- Unique, "fool-proof" rotational locking mechanism; canopy easy to raise and lower
- Stylish and sporty when in use, unobtrusive when collapsed
- Rotates 360° to enhance your shade options; allows you to shade a large area with just one parasol
- Tilts to block out early morning and late afternoon sun as well as offering additional privacy
- Vented canopy facilitates airflow and stabilizer stays provide greater stability in wind
- Folds into a compact vertical format when not in use, easily removed for seasonal storage
- Design features enable ease of installation and maintenance by handyman
- Due to its light weight (23kg), the Sola can be set up for multiple location usage

Sizes and Shapes

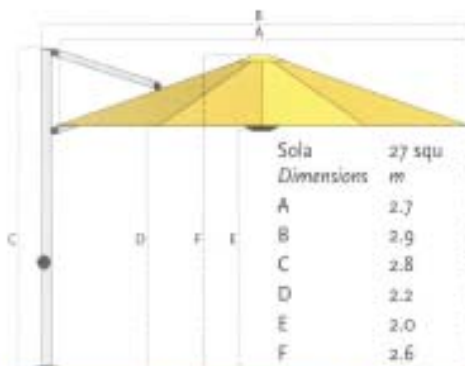

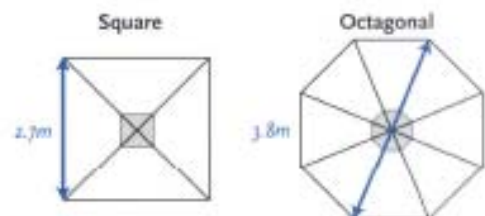

Octagonal Sola: 3.0m (9'10"), 3.4m (11'2"), and 3.8m (12'6")
 Square Sola: 2.4m (7'9") and 2.7m (8'8")

The Mast and Frame

- Marine-grade, 20 micron extruded anodized aluminum mast has shape and strength of a yacht mast
- Proprietary oval-shaped arms, exclusively designed connectors and central hubs
- Easy fitting to concrete or wood deck with spigot, optional in-ground fitting available
- Innovative external winder mechanism with internal treated, galvanized cables

The Components

- Proprietary Du Pont glass filled, UV resistant resin components
- Highest grade stainless steel fittings
- Unique nautical grade "buttons" hold canopy to arms
